February 27, 2023

Dear Parent/Guardian.

Currently in the school year, it becomes necessary to notify parents/guardians of the implications of your scholars' school performance. Therefore, an evaluation of your scholar's educational progress will be examined and reviewed at a parent meeting on the dates indicated below. At this meeting, we will examine academics, discipline, and attendance. Other topics of discussion will include MAP, IReady, and Common Assessments data, as well as retention and promotion policies. While we champion those scholars who continue to make honor roll, we are concerned regarding those who do not.

Stephenson Middle School has a plethora of safety nets in place to support our scholars, however, many do not seize the opportunity. These safety nets include after school tutorial on Tuesdays and Thursdays, and Saturday school. We also have flexible grouping and pull-outs to support our scholars. Parents, we need you! Should our scholars not take advantage of these safety nets, he/she will be in danger of failing the second semester.

It is known that research shows when parents are involved in their children education on a consistent basis, they will succeed. It is so true that "It Takes a Village," and we at Stephenson MS are a part of the village, therefore we need you to attend these meeting and please note, "the school cannot live apart from the community." We hope to see you!

Stephenson Middle School will host these informational meetings from 5:30PM-6:30PM on the dates below:

6th Grade.....3/7/2023
7th Grade.....3/8/2023
8th Grade.....3/9/2023

Sincerely,

Dr. Rasheen Booker
Principal
